KTM 390 Duke is available with two color options - Ceramic White and Silver Metallic, while the former gets black alloy wheels with red strips, the later gets orange alloy wheels. However, we'd ...

*What is the wheel size of KTM 390 Duke?*

supetbikes are maintained in a different way..you will be there during service check the list in owners manual ..see the brake pads if not functioning change...its less costly..engine oil change ...
