We ' ve changed the diagram a bit now to show the start battery running through our new marine battery switch. A Double Pole ON/OFF/COMBINE battery switch (like this one) is a great choice for a single engine, two battery boat wiring system. I allows your house and start battery to remain isolated except for emergency conditions.

In my experience, 90% of boat owners think they have dry stringers. Also in my experience, 90% of wood stringer boats older than 5 years have elevated moisture in the stringers or cored structures. Instead of living in denial, address the causes to prevent the complications and your boat hull can have a long useful life.
