I have an acer aspire 5733z-4851. I have already backed up all files and documents from my laptop, and now I need to do a factory reset to restore it to brand new settings. However, I do no have the reset cd that everyone seems to keep talking about. So I need to know how to do a reset on my computer manually without the disc.

My mother has an Acer M3900 and she accidentally turned off the wireless switch. The manual is useless and here on Acer.com it says to use FN + F3 but her computer doesn't have an FN key. What other combination can I try? I've tried finding setting but it's a Windows 7 computer and doesn't have that feature.
