Since its introduction in 1975, the BMW 3-series has earned a reputation as one of the world's greatest sports sedans. Unfortunately, it has also proven one of the more expensive to service and maintain. This book is dedicated to the legion of BMW 3-series owners who adore their cars and enjoy restoring, modifying, and maintaining them to perfection; its format allows more of these enthusiasts to get out into the garage and work on their BMWs--and in the process, to save a fortune. Created with the weekend mechanic in mind, this extensively illustrated manual offers 101 projects that will help you modify, maintain, and enhance your BMW 3-series sports sedan. Focusing on the 1984-1999 E30 and E36 models, 101 Performance Projects for Your BMW 3-Series presents all the necessary information, covers all the pitfalls, and assesses all the costs associated with performing an expansive array of weekend projects.

After a stalker's attack, rock star Goldy Crossland flees L.A. for her secluded lake house in Northern Washington. Retired from the music business, she hopes to avoid both the press and her psychotic fan. But obscurity leaves her restless, and when a mysterious--and disturbingly handsome--new neighbor moves in, she can't resist spying. Pete Bayer is undeniably attractive, but Goldy quickly realizes there's something strange going on in the log house across the bay. Is he a member of the paparazzi? Or a much more sinister threat? Despite her suspicions, Goldy can't deny her fascination with him. When the press discovers her hideout, it's Pete who offers an escape route, but it comes with a price. Unwillingly drawn into his dangerous world, Goldy soon learns the reason behind Pete's secrecy--and her crush on her charming neighbor takes a deadly turn.
