Ammann provides the expertise you need through dealer technicians. They are well trained and available to handle as many (or as few) service and maintenance projects as you like. Speaking of expertise, our service videos can lend a helping hand when your technician is turning the wrench. Sometimes a picture tells the story best.

Amdurit, a wear-protection system developed by Ammann, provides three times the service life of wear-resistant steel.

Instead of welding, use the newly designed Amdurit wear plates, which are secured with bolts. Of course you'll make that replacement less often than with other systems because of Amdurit's long service life. SPARE PARTS ...

The Ammann ARX 26 Tandem Roller delivers 47 kN of compaction force yet still works flush to curbs and other obstructions. The roller covers some ground with its 1200 mm drum width. The machine is designed to provide the operator with exceptional drum views, one factor in helping the machine work close to potential obstructions. ARX 26 ...

Rammax invented the trench roller product more than 40 years ago, and benchmarks have always been set to improve efficiencies. Today, Ammann is the only manufacturer to still offer both articulated and skid-steered trench rollers. The longevity of the product line and the continuation of the versions prove Ammann's commitment to this market.
