Delagi (Author), M.D. Iazzetti, John (Author), M.D. Perotto, Aldo O. (Author), & 4.8 out of 5 stars 30 ratings. See all ...

Anatomical Guide for the Electromyographer: The Limbs and ...  
Departments. This book is an update of a classic reference book on electromyography. Using the traditional regional approach, Perotto provides information for approximately 93 appendicular and 22 axial muscles, divided into 14 sections. This information includes the innervation and attachments of each muscle, how to position the patient for the examination, the appropriate site for insertion of the electrode, the depth of insertion of the electrode, and the action that the patient should ...
