Angela Scott can do no wrong. I have devoured all of her novels and Anyone? Is no exception. When 16-year-old Tess' world starts falling apart, literally, her doomsday survivalist dad ushers her into a bunker in her backyard. He orders her to stay put until he returns while he goes to get her brother.

## ~~Anyone? (Anyone #1) by Angela Scott~~

Angela Scott is a talented writer and has crafted a very good story in "Anyone?"; but the plot felt too unclear with too many threads left hanging at the end. I hope the sequel will address those and give another taste of Angela Scott's ability to craft an intriguing story.

Before leaving, he makes Tess promise to keep the hatch door shut, not to open it for anyone but him, and to stay put until he returns. But he forgot to tell her one thing: What is she supposed to do if he never comes back? Watch for the second book in the Anyone? series, ANYONE ELSE?, coming in 2018.

Anyone? by Angela Scott. The end of the world? That’s the stuff of Hollywood blockbusters and deep philosophical exercises in school. No need to sweat it. So when sixteen-year-old Tess’s doomsday-dad builds a bomb shelter in their suburban backyard, everyone thinks he’s gone crazy....

~~Anyone? by Angela Scott – Book Goodies~~

I, like many other fans, have waited patiently for this book for years. Angela delivered something well worth the wait. Surviving in a post-apocalyptic world seems doable after reading this. I am thrilled that there will be more coming soon, too! Thank you, Ms. Scott, for another great adventure!

~~Anyone Else? (Anyone #2) by Angela Scott~~

ANYONE ELSE? Surviving an apocalypse sucks. It totally does. Instead of counting herself lucky to be alive, Tess struggles to find the will to keep placing one foot in front of the other, especially when the most she ever had to worry about before the meteor catastrophe was whether she’d have a date to prom.
