The United States Army Corps of Engineers (USACE) is an engineer  
formation of the United States Army that has three primary mission  
areas: engineer regiment, military construction, and civil works. The  
day-to-day activities of the three mission areas are administered by a  
lieutenant general known as the commanding general / chief of  
engineers.

*United States Army Corps of Engineers - Wikipedia*

This EM 385 training course is based off of, and complies with, the US  
Army Corps of Engineers EM 385-1-1 manual, and is compliant with the  
most recent 2014 revisions to that manual. This training, and the EM  
385-1-1 manual, prescribes the safety and health requirements for all  
Corps of Engineers activities and operations.
