Standards | WBDG - Whole Building Design Guide

A/E/C Standards and CAD Details Library. This site contains details related to disciplines contained in the A/E/C CAD Standard. This site is part of the CAD/BIM Technology Center's initiative to develop a standard methodology for the development and use of generic design details in CAD systems. By providing both a startup set of details and an online detail retrieval site, the Center hopes to ensure easy accessibility to generic design details and encourage their use in the CAD environment.
