SOP / Policy Letters (ArmyStudyGuide.com)
According to the U.S. Army, a Standard Operating Procedure, or SOP, is "a clearly written set of instructions for methods detailing the procedures for carrying out a routine or recurring task or study.". Army SOPs are templates used to define tasks ranging from inspections to cleaning duties. There are two types of SOPs: technical (to explain ways to perform duties in research labs and other such areas) and administrative.

Standard Operating Procedures Wherever you work in the
medical field, you can expect to find an SOP. If your
immunization clinic doesn't have one or wants to improve its
current one, you can use the section titles below to begin to

build your SOP templates.

Standard Operating Procedures | Health.mil
Simple action-oriented verbs such as "identify," "direct," "evaluate," and "review" get the point across without requiring interpretation. If at all possible, do not use the passive voice when structuring sentences as this has been shown to confuse and misdirect attention away from important ideas.

Article Summary X. To write a Standard Operating Procedure,
or SOP, start by describing the purpose of the process, its
limits, and how it is used. Next, cover the methodology for
completing the process, including any equipment which is
needed. Clarify any abbreviations, acronyms, or uncommon
terms.

How to Write a Standard Operating Procedure: 15 Steps
This system connects Military, DoD Civilian, and DoD
Contractor personnel from across the DoD enterprise and

provides individuals, units, and organizations a platform to quickly and easily build tools and business processes to support execution of the mission. Access is controlled based on individual needs for specific types of information.
