Balmohan V. Limaye is adjunct professor at the Department of Mathematics, Indian Institute of Technology (IIT) Bombay, where he has been working for more than 40 years. Earlier, he worked at the University of California at Irvine (USA), for one year and the Tata Institute of

Fundamental Research (TIFR),
Mumbai, for six years.

Linear Functional Analysis for Scientists and Engineers ...
This book provides a concise and meticulous introduction to functional analysis. Since the topic draws heavily

on the interplay between the algebraic structure of a linear space and the distance structure of a metric space, functional analysis is increasingly gaining the attention of not only mathematicians but also scientists and engineers.
