### Villiers Motorcycle Parts for sale | eBay

Two Stroke Shop. Two-stroke engine diagram. Francis Barnett and James, based in Coventry and Greet, Birmingham respectively, had been makers of two-stroke motorcycles since the early 1900s. For the greater part of that time, their collective range of models had all been powered by unit constructed engines designed and manufactured by the Villiers Engineering Company, a Wolverhampton-based firm who also supplied its products to several other motorcycle manufacturers.

### Working at AMC - Two Stroke Shop

The Pullman had a 344cc vertical-twin Villiers engine, made specially for Francis-Barnett, but production was limited. 1928 The range remained the same. 1929 The Pullman had gone, but 196cc and 247cc models were added. 1930s The new decade brought new models and, in particular, the Cruiser.

### Francis Barnett Motorcycles For Sale | Car and Classic

A four-speed gearbox would have cemented Francis-Barnett's obvious aim of being a quality producer, whereas all they did was to make it an optional extra on post-1954 Falcons. Their failure to adopt it certainly wasn't because they were reluctant to produce improved models.

### Road Test: Francis-Barnett Falcon - The Classic Motorcycle

All three of Barnett's engines were vertical engines with a layout similar to steam table engines. The first engine is single acting using the two-stroke cycle, with separate pumps for gas and air, and a power cylinder.
