Big Java: Late Objects, 2nd Edition focuses on the essentials of effective learning and is suitable for a two-semester introduction to programming sequence.

Big Java: Late Objects, 2nd Edition | Wiley
Cay S. Horstmann. The introductory programming course is difficult. Many students fail to succeed or have trouble in the course because they dont understand the material and do not practice programming sufficiently. Big Java for Everyone will provide an authoritative but accessible introduction to the fundamentals of Java Programming using a fundamentals first/late objects approach and providing extensive opportunities for programming practice.
