### ~~Brand Spaces | Designers & Books~~

Brand spaces are realms of experience where customers can encounter the brand first hand. These spaces can be real as well as virtual platforms. They are used to present, stage, or develop a brand in customer-centered ways. The aim of a brand space is not just to boost sales, but to let customers experience the brand and increase their involvement with it.

### ~~Brand Spaces~~

Brand architecture is the organizational structure of a company's portfolio of brands, products, and/or services. These extensions can include sub-brands, products, and/or services. Effective brand architecture includes an integrated system of names, symbols, colors, and visual vocabulary informed directly by the consumer thought process. That's because key to brand architecture is your customer's mental organization—how they conceptualize your business and its portfolio of offerings ...
