This book closes the gap between theory and classroom application by capitalizing on learners' individuality in second or foreign language learning.

Capitalizing on Language Learners' Individuality: From ...

Capitalizing on Language Learners' Individuality: From Premise to Practice. Capitalizing on learners' individuality is like looking at the language learning experience through a kaleidoscope (p. xiii). It involves seeing the separate colours and patterns of individual experience, orchestrating them into a coherent picture of group experience, and maintaining this coherence through all the dynamic changes that language learning entails.
