Developed specifically to meet the demands of oil and gas applications- Proven reliability and durability- Robust diesel strength design prolongs life and lowers owning and operating costs- Market-leading power density- Designed to perform in oilfield conditions, including high ambient and high altitude applications- Long overhaul life proven in oilfield applications- Core engine components designed for reconditioning and reuse at overhaul

3512 Land Mechanical Engines | Cat | Caterpillar

The line of G3500 engines brings versatility, uptime, and low operating cost to your gas compression operation. They are equipped with ADEM A3 technology that enables highest performance and safety while maintaining low emissions. Ideal applications for G3500 engines include gas lift, gas gathering, and wellhead gas compression. Cat G3508 gas engine.

G3512 TA Gas Compression Engines | Cat | Caterpillar

They deliver the lowest engine-out emissions in the industry without sacrificing performance. Ideal applications for G3500B engines include gas lift, gas gathering, and wellhead gas compression. Cat G3512B gas engine. Ratings: 772 bkW (1035 bhp) @ 1400 rpm are NSPS site compliant capable. Features At A Glance

G3512B Gas Compression Engines | Cat | Caterpillar

The Caterpillar 3512B Marine engine is a V-12, four-stroke Diesel propulsion set. V-12s are built to last V engines are some of the most sought-after internal combustion engine configurations. Their pistons and cylinders are aligned in two separate planes to form a V-shape when viewed from the axis of the crankshaft.

Caterpillar 3512 Marine Engines Specs, Details, Features ...

The Caterpillar 3512 is a large industrial diesel engine for powering heavy equipment including boats, locomotives, off-road trucks and very large industrial generator sets. Caterpillar sells it as a stand-alone engine that the buyer can install in his own equipment as well as built into Caterpillar-brand industrial equipment.

Caterpillar 3512 Specs | It Still Runs

Cat® Dynamic Gas Blending™ automatically adjusts to changes in incoming fuel quality and pressure allowing your engines to run on a wide variety of fuels, from associated gas to gasified LNG. Lower fuel costs with up to 70%* replacement of diesel with gas. Maintain existing service intervals and component life. Increase display and diagnostic performance with ADEM A4 and EMCP 4.4* controls ...

3512C Dynamic Gas Blending Engine | Cat | Caterpillar

Overview For your largest power needs in any environment, Cat ® 3512 Industrial Diesel Engines offer the unsurpassed performance and durability your customers need to keep their industrial applications and operations running. They deliver high power output, proven reliability and excellent fuel efficiency.

3512 Industrial Diesel Engines | Cat | Caterpillar

Caterpillar Inc. today announced that its Cat® 3512C diesel generator set won Product of the Year from Consulting-Specifying Engineer (CSE) magazine in the Emergency, On-Site and Standby Power category.

cat 3512 workshop manual - Free Textbook PDF

Gas Engine Rating Pro GERP is a PC-based program designed to provide site performance capabilities for Cat® natural gas engines for the gas compression industry. GERP provides engine data for your site 's altitude, ambient temperature, fuel, engine coolant heat rejection, performance data, installation drawings, spec sheets, and pump curves.
