To make sense of the fact that adaptation can happen quickly and yet true evolutionary change seems to take forever, biologists suggest that evolution runs on two very different clocks ...

How long does evolution take? It happens on two different timescales

Long before Charles Darwin undertook his first voyage, animal taxonomists had begun the scientific classification of animals, plants, and minerals. In the mid-1950s, taxonomist A. J. Cain summarized ...

Animal Species and Their Evolution

In fact, it is this facet of natural selection that is easily and massively documented in the DNA record of evolution. "Variations neither useful nor injurious...would be left a fluctuating ...

On the Origin of Species

The dynamic aspect of biological systems ... individual organisms, the evolution of one form into another over time-has formed the basis for metaphors used in many fields for both artistic and ...

Biological Metaphor and Cladistic Classification: An Interdisciplinary Perspective

The Biology of Human Rape, 39 *Jurimetrics J.* 137(1999) at 143: Selection, or differential reproductive success among individuals due to trait differences, is the most reasonable ultimate explanation ...

Theories of Rape

Mitchell, Sandra D. and Dietrich, Michael R. 2006. Integration without Unification: An Argument for Pluralism in the Biological Sciences. *The American Naturalist*, Vol ...

Biological Complexity and Integrative Pluralism

Scientists say convergent evolution is much more common than previously thought. An evolutionary tree, or phylogenetic tree, is a branching diagram showing the evolutionary relationships among various ...

Convergent Evolution Has Been Fooling Us: Most of Our Evolutionary Trees Could Be Wrong

In the 65 through 74 group, it is only 3.9 percent ... is not an accident of evolution, but survival to old age may be. This discussion illustrates how evolutionary biology can cast light on ...

Aging and Old Age

In DreamWorks' 2001 science fiction comedy film *Evolution*, starring David Duchovny, Orlando Jones, Sean William Scott, and Julianne Moore, a meteor impact delivers a strange breed of alien life to ...

Wild animals evolve way faster than we thought

The Department of Psychology offers a degree program leading to the bachelor of science in psychology. Psychology is the study of behavior, emotion, and thought using the scientific method. At the ...
