Cisco IP Phone 7960 and 7940 Series User Guide
Cisco Telephones - Cisco is a major multinational corporation based in California which specialises in Networking. It has become a market leader in the manufacture and supply of business telephony equipment. Naturally with its heritage in networking Cisco specialises in IP/ VoIP/ SIP telephones (this is calls routed through a business's broadband connection rather than the PSTN) - IP Telephones and Systems can provide a very cost effective way for companies to manage their telephone systems.
