~~9781624102288: Civil avionics systems (AIAA Education)~~  
~~Civil Avionics Systems, Second Edition is an updated and in-depth practical guide to integrated avionic systems as applied to civil aircraft. This new edition has been expanded to include the latest developments in modern avionics. It describes avionic systems and potential developments in the field to help educate students and practitioners in the process of designing, building, and operating modern aircraft in the contemporary aviation system.~~
