I checked a few 2012 issues of Economics Letters, 5 years old so there has been time for citations to level out (so, longer than the 2-year horizon above). Here is what I found for empirical development papers – which are not so common in Economics Letters. There are some, but there are a small minority of total papers in the journal.

Abstract. All economic analysis is about institutional behavior the behavior of decision-making processes such as markets, firms, political processes and courts. In turn, when economists bring these insights about institutional behavior to the analysis of law and public policy, they focus on institutional choice such as the choice between markets and political processes (the regulation issue), the choice between markets and firms (issues of industrial organization) and the choices between ...
