The book, Conservation Concerns, is not a large publication, but I found every page had advice, help, and examples of how to conserve historic artifacts. Included are recommendations on construction materials, storage of works, care of photographs and what to do if items are damaged. Textile and metal conservation is discussed.

Conservation Concerns: A Guide for Collectors and Curators ...

Conservation Concerns Written in accessible, nontechnical language, this book's twenty-three essays provide invaluable conservation guidelines for a variety of materials and media. Focusing also on proper storage techniques and environmental control, contributors offer information on emergency planning, disaster management, and identifying damages that may require professional treatment.
