Diplomatin Computer Engineering. Diploma in Computer Engineering is Diploma level Computer Engineering course. This is a technical degree below the undergraduate rank which aims Page 17/53

to provide students with some basic knowledge of engineering, scientific, computing, mathematical techniques, a sound knowledge of English to communicate in the job field and ability to Page 18/53

apply the basic problem-solving techniques.

<u>Diploma in</u> Computer Engineering, Syllabus, Eligibility ... Syllabus of Diploma in Computer Engineering is divided in 6 Page 19/53

semesters: In first and second semesters you will learn about the basic concepts of mathemathics and science. You will also get to learn about basic electronics and computer skills which will Page 20/53

include Digital electronics and C Programming.
