Whether you are lucky enough to live in a place with central air, or have window units humming away, or suffer through the season with fans and open windows, one thing about the hottest part of summer ...

### The One Appliance That Will Cool Down Your Kitchen All Summer (and It's Not an Air Conditioner)

When the heat index reaches the 100s, the last thing anyone wants is for the air conditioning to stop working. But when the air conditioning does fail, you need a reliable contractor and fast.

### Consumer Handbook: Tips for finding a reliable air conditioning contractor

The sweltering North Texas heat is back with temperature highs projected to be in the triple-digits for the next several days.

### Homeowners and air conditioning repair companies prepare for triple digit heat

Unfortunately, many Texans are finding out that their air conditioning units are unable to keep up with their needs and may be searching for a reputable business to either service their current unit ...

### BBB Tip: Buying and servicing your heating and air conditioning (HVAC) systems

As temperatures in South Dakota rise with the start of summer, the Department of Social Services (DSS) is reminding the public of an important initiative.

### SD offers air conditioning assistance

A/C technicians in Arkansas are doing their best to get to everyone as quickly as they can, but since summer heat came early, they're doing their best to keep up.
