agriculture,ecosystems and environment An International Journal for Scientific Research on the Interaction Between Agroecosystems and the Environment Agriculture, Ecosystems and Environment publishes scientific articles dealing with the interface between agroecosystems and the natural environment , specifically how agriculture influences the environment and how changes in that environment impact agroecosystems.

Agriculture, Ecosystems & Environment - Journal - Elsevier  
Create Your Own Ecosystems or Habitats. Have your students work in groups, research, and then create an ecosystem together. It can be something as simple as collecting pond water, organisms, and plants. You could also have students create individual habitats instead of an entire ecosystem. We created our own habitats and the students really enjoyed it. Together we discussed the importance of meeting our living things¶ needs and a healthy environment.

10 Ecosystem Project Ideas - The Owl Teacher  
A variety of ecosystems are spread across the world, each with distinctive interacting characteristics and components. They range from small (eg a freshwater pond) to global (eg the desert biome).
