The embedded and indirect question does not have the structure of a question (no auxiliary, subject before verb). Indirect questions are used when you mention a question somebody has asked you- it is not a question: Who are you? She asked who I was. Where do you live? I asked where she lived. This is the same, with only one difference: Put the sentence one tense back:

Embedded Questions: Definition & Examples. ( 5 / 5, 16 votes) Tweet. An embedded question is a type of question which is included within another question or sentence. It is different from other types of questions, as there must not be any auxiliary verb between the question word and the subject. And if the embedded question is not part of another question then there ' s no need to use a question mark at the end of that sentence.
