#### How to set the timing marks on 3.0 td Nissan ZD30

The timing mark will be either on the harmonic balancer or in a hole in the bell housing. If in the bell housing there will be a pointer that will point to marks on the flywheel face and the timing mark will be ING or a number like 15 or 17 or 21. This is the number of degrees before TDC that your engine has to be set on for correct timing.
