A few important comments

# Access Free Engineering Chemical Thermodynamics

about this version of the international edition. We use this text book in my introductory chemical engineering thermodynamics class and there are other students in my class who also bought the

# Access Free Engineering Chemical Thermodynamics

international edition and  
the chapters are incomplete,  
there are no English units,  
and the printing quality is  
very poor (sometimes with  
whole sections of tables  
missing!).
