fabrication of  
complete dentures  
using CAD/CAM ...

The first step is to  
flask the denture  
by placing the  
model with the  
denture in the  
bottom flask  
securing it with  
plaster. When the

# Download Free Fabrication Of

Complete Dentures Using  
Cad Cam Technology

plaster is dried, the upper flask is put in place and filled with additional plaster. The flask is then heated until the wax is sufficiently melter.
