**Questions** This post lab counts as half of the Virtual Dissection grade . Everyone must complete this! Type the questions and answers to this post-lab. The questions should be in black ink while the answers should be in blue. -10 for not typing the answers, -5 for not using the correct colors. 1.

Pig post lab.pdf - Name Fetal Pig  
Dissection Post Lab ...

**Fetal Pig Dissection Lab Introduction:** In this lab you will be examining many characteristics of an unborn mammal--the fetal pig. Dissection will help you to get a 3-dimensional picture of how all the systems fit together in an entire organism. You've seen separate diagrams of many of the major systems. Now you'll get to see

## LABORATORY GUIDE

Although the size of the fetus pig is smaller than that of the human body the organization of the major organs and the functions of such organs are still the same. This pig dissection is designed to visually show students the different systems inside a pig and, indirectly, their own bodies. Upon dissection they see the heart, the major organ in the circulatory system that pumps the oxygenated blood around the body; the lungs, the major organ in the respiratory system that provides oxygen to ...

## Fetal Pig Dissection Lab Answers | SchoolWorkHelper

The fetal pig that you will dissect has been injected with a colored latex (rubber) compound. The arteries have been filled with red latex and the veins with blue. An incision was made on the side of the neck
