explanations for both new and existing sword forms.

Flashing Steel, Second Edition - North Atlantic Books
Where the first edition might have 4 photos of a series, the 2nd edition has 16 to 20. This means that you can see what the intermediate positions look like. The first edition is ~270 pages while the second edition is ~335. Also, the second edition is physically larger. Even if you already own the first edition I would recommend the second edition.

Iaido er forbundet med glidende, kontrollerede bevægelser i forbindelse med trækning af sværdet fra skeden. Nystartede iaido-udøvere starter som regel med et træsværd, bokken, mens nogle skoler foretrækker at anvende iaitō (sværd der er sløvt), med det samme. Få mere erfarne iaido-udøvere bruger det skarpe sværd, 'shinken', der er en moderne produktionstype af det japanske sværd.
