Your GAMO AIR RIFLE comes with the scope mounted and bore sighted. The sight picture should look like the examples (Pg 4). To sight in your rifle, remove the caps covering the windage and elevation adjustment knobs (fig. B Pg 3). Please check to make sure the mounting screws are tight as they may have come loose during shipment.

Description Gamo's CFX is a high-powered precision airgun with a fixed barrel. The fixed-barrel system provides greater accuracy and allows its user to shoot with great accuracy at targets over 40 meters away. The airgun comes with a synthetic, hunting-style butt, but it is commonly used for target-practice.

This is the next generation Swarm air rifle. It features Gamo's most powerful technologies, the 33 mm cylinder and the IGT Mach 1, allowing it to deliver next-level power with 1,300 fps in .22 caliber. That combined with our patent-pending 10X Quick-Shot and the Whisper Fusion technologies, makes the Gamo Swarm Magnum a revolutionary break ...
