Gorski Relapse Prevention Workbook

In this workbook, Terry Gorski and Steve Grinstead clarify their definition of relapse, how it happens, and most importantly how to prevent a person from entering the relapse cycle. For several years, Gorski and Grinstead have been co-teaching, modifying the process, and field testing all exercises in this newly revised, simplified, and updated version of Relapse Prevention Therapy.

relapse prevention planning exercises in this book, you will be working on many fronts to put the odds in your favor. Our relapse prevention training method combines learning to change both behavior and thinking. It is an approach that emphasizes self-management and rejects labels like alcoholic or drug addict. You are not a statistic!

---

Make Your Last Relapse

Terrence Gorski developed the Relapse Syndrome and Relapse Progression lists itemizing the steps a person goes through to get to the actual relapse. These phases involve all three elements of a relapse: internal dysfunction, external dysfunction, and loss of control.
