Manual lathes and mills as well as computer driven machining ...
MT58 CNC Lathe Procedures This course covers the basics of CNC
lathe operation and programming utilizing a HAAS lathe. Topics
covered ...

Engineering Machine Shop

There's a certain class of parts that just can't be made on a standard
3-axis mill, nor with a 3D printer or a lathe. These parts ... buy a
rotary axis for a Haas or Tormach for thousands ...

A Rotary Axis CNC Machine

Of course the machine is able to cut arbitrary shapes with a
precision that would be extremely demanding if done by hand, but
the craft of the operator is no less a factor than with a manual mill ...

CNC Milling Is More Manual Than You Think

We also have 3D CAD/CAM programming capabilities for mills
and lathes utilizing Mastercam X9. Please see below for a complete
list of our special capabilities at the MPL Shop. The outside shop
has the ...

R&D Machine Shop

They gain skills in precision measuring techniques and basic manual machines operation, including the use of hand tools, drill presses, lathes, milling machines and MIG and TIG welders. Two Computer ...

Applied Manufacturing Center (Machine Shop)

The expanded space also allows the college to become a certified training center for Haas, a large producer ... Bodnarchek of Duluth as he uses a manual lathe to create an inner diameter thread ...

LSC manufacturing programs to expand at downtown Duluth site Students apply manufacturing machine technologies to precision measuring techniques, basic manual machines operation, such as drill presses and Computer Numerical Control (CNC) machines and CNC ...

Applied Manufacturing Center (AMC)

Following a Health and Safety Induction students manufacture 3 components for the Gyroscopic car using a lathe, guided through the process by expert technicians. This area is also home to a Haas CNC ...

Engineering laboratories in The Diamond

Stations equipped with advanced mechanical software, CNC machines and CNC lathe. Iman Salehinia, Ph.D. Mechanical Engineering Engineering Building, Room 231 Fluid Dynamics Laboratory This lab studies ...

College of Engineering and Engineering Technology Laboratories VDF Wohlenberg - V 1250 B Turning lathe Ø 1250 x 6000 mm = Mach4metal ... x 565 mm 4051 = Mach4metal Daewoo (Corea) ACE HP 400 VMC Haas Haas VCE 500 Doosan HMC 5100 II X/Y/Z 850 x 700 x 750 ...
