Unfortunately, because the newest version of the AP Biology exam only began being administered in 2020, there aren't that many review books available for it. Still, because not much actually changed in terms of content between the 2013-2019 version of the test and the current version, it's OK to use books that target the

AP Biology. Welcome to AP Biology. I look forward to working with you in the fall. Your summer assignment is to prepare for a test on chapters 3, 4.3, and 5 of Campbell's Biology (7th edition). These chapters cover the some of the biology you studied as a freshman, as well as some chemistry from junior year. By

# Read Free Holtzclaw 2013 Prep Ap Bio Answers

reviewing this over the summer, we gain valuable class time needed to prepare for the AP test in May.
