IATA Welcomes US Dept. of Transportation Final Approval of Resolution 787.

Geneva - The International Air Transport Association (IATA) welcomed the decision by the United States Department of Transportation (DOT) to grant final approval to Resolution 787 (1). The Resolution is the foundation document for the New Distribution Capability (NDC), a travel industry-supported program launched by IATA for the development and market adoption of a new, XML-based data transmission standard.

The International Air Transport Association (IATA) wants aviation workers to get priority access to the COVID-19 vaccine after doctors, nurses and other frontline employees. While they are not asking for transportation staff to be “at the top of the list,” the trade group is asking for consideration because they provide an essential service.
