One on One - Amartya Sen

Inequality Reexamined Amartya Sen

Inequality Reexamined is a 1992 book by the economist Amartya Sen. In the book Sen evaluates the different perspectives of the general notion of inequality, focusing mainly on his well-known capability approach. The author argues that inequality is a central notion to every social theory that has stood on time. For only if this basic feature is satisfied can a social theory which advocates a set of social arrangements be plausible.

Inequality Reexamined - Wikipedia

Abstract. Amartya Sen revisits the issues tackled in his previous seminal work, ‘ On Economic Inequality ’ , first published in 1973 and expanded in 1997, and provides new analyses and insights in this crucial area. The book brings together and develops some of the most important themes of Sen's work over the last decade.

Amartya Sen argues that the dictum "all people are created equal" serves largely to deflect attention from the fact that we differ in age, gender, talents, and physical abilities as well as in material advantages and social background.

Inequality reexamined : Sen, Amartya, 1933- : Free ...
The noted economist and philosopher Amartya Sen argues that the dictum "all people are created equal" serves largely to deflect attention from the fact that we differ in age, gender, talents, and physical abilities as well as in material advantages and social background. He argues for concentrating on higher and more basic values: individual capabilities and freedom to achieve objectives.

The claims of equality in social arrangements are tested in
Inequality Reexamined. Amartya Sen begins by identifying a
common characteristic of virtually all the contemporary
moral approaches to social arrangement. Amartya Sen
studies thoroughly what equality and inequality are in
different circumstances.

Analysis of Inequality Reexamined by Amartya Sen

A book review by Danny Yee © 1996

<http://dannyreviews.com/>. Sen begins Inequality

Reexamined by arguing that equality plays a key role in all political philosophies of any consequence. Even those that are commonly perceived as anti-egalitarian advocate equality in some "space" — libertarianism advocates equality of libertarian rights, for example, while utilitarianism assigns equal weight to individual utilities.

Inequality Reexamined (Amartya Sen) - book review

“ Amartya Sen has distilled a decade ’ s reflection on questions of equality, poverty, and welfare into [this] book... Economic philosophers will be glad to see Sen ’ s ideas summarized and interwoven... He is certainly a master of his craft. ” —David Miller, The Times Literary Supplement
