Organisations need to carefully and strategically consider the use of these new media as part of their effective communication plan. Effective business communication in organisations, 4th edition, builds on traditional communication forms with up-to-date theory. It discusses new communication trends and the changing nature of communication in businesses.

Intercultural Business

Business presents foundational concepts for communicating between cultures and a framework for understanding any culture, including your own. Understanding and applying the concepts presented here will help you to enhance your intercultural competence, critical to success as a global project manager in our borderless world.

~~Intercultural Communication in Global Business~~

To help make students aware of these differences, Intercultural Business Communication contains practical guidelines and information on how to conduct negotiations across countries, write business letters in different societies, and includes the general “dos” and “don’ts” in international business.

Synopsis. "Intercultural Communication, Fourth Edition" provides students with a clear model for examining communication within cultural, micro-cultural, environmental, socio-relational, and perceptual contexts. Each chapter focuses on one context and the combination of factors included within that context - setting, situation, and circumstances. The text also highlights influences such as

for transmitting them, and the way messages are interpreted. With regard to intercultural communication proper, it studies situations where people from different cultural backgrounds interact. Aside from language, intercultural communication focuses on social attributes, thought patterns, and the cultures of different groups of people.
