Introduction To

Griffiths

Griffiths was my  
first

introduction to  
quantum  
mechanics ever.

Now that I've  
seen a lot of  
quantum

mechanics, I

# Where To Download

have to say my  
opinion of  
Griffiths as a  
text to learn  
from has gone  
down

significantly. I  
will explain  
more. The good:  
Griffiths is  
really special  
in my opinion. I  
really like how  
accessible this

book is.
