Please do keep in mind that although the 2020 Jeep Cherokee can tow up to 4,500 lbs that each trim level varies in its level of capability. This means that although the highest trim level can tow up to 4,500, it does not mean that all the trim levels can tow up to 4,500. The lower trim levels will be able to tow much less than that. The 2020 Jeep Cherokee comes in three different engine types and with those three different engine types, there are varying levels of towing capacities.
