The little engine that could. / Based on the story by the Rev. Charles S. Wing. Johnson Engines

History. The original company that made Johnson inboard motors and outboard motors was the Johnson Brothers Motor Company of Terre Haute, Indiana, United States. A few years after the Johnson brothers' factory in Terre Haute was destroyed by a tornado in March 1913, the brothers relocated to South Bend, Indiana and then Waukegan, Illinois .

Johnson Outboards - Wikipedia

Johnson was the first to introduce the heavy outboard engine in 1926. It lifted light planes up on a plane at 16 plus miles per hour and some 4-5 knots faster than most thought an outboard was capable of.
