Kenwood TS-440S and transmit power control - does anyone have a "good" working rig? hi! I'm working on fixing up a couple of TS-440S rigs I have here. I've found they both have similar TX power issues - they are very touchy and full TX power is only achievable at around 15% along the carrier knob. I've been following the service manual and figuring out how the carrier power side of things ...
