After all, his motive for killing was bizarre to say the least-- he wanted to keep the men he picked up from leaving him. Then a few years later I picked up Brian Masters' Killing for Company almost by chance-- It was shocking: here was Dahmer's mirror image in a quiet British civil servant named Dennis Nilson.

Killing for Company: The Story of a Man Addicted to Murder---

"Killing for the Company" is better written than Ryan's other novels and carries a more substantial plot than books like "Strike Back." The story is believable and the main characters likable. There was enough conflict to keep me reading and the ending is a nice surprise.

Amazon.com: Customer reviews: Killing for the Company

Killing for Company: The Case of Dennis Nilsen is a well written, detailed case study about British serial killer Dennis Nilsen, who murdered 15 young men within four years. It's a story about crime, it's also a story filled with rejection and failed relationships. It's also a loner's long journey into absolute darkness.

Killing for Company: The Case of Dennis Nilsen by Brian---

'Killing For Company must stand as one of the most remarkable and accurate accounts ever written of the singular relationship between a mass murderer and a society. Brian Masters, in the writing, has achieved the impossible. Though dealing with sensational and horrific matters he has managed, God knows how, to treat his material with such ...

Call it death by Jeff. The juggernaut that is Amazon.com Inc. (AMZN) keeps on rolling. Amazon is putting its flag in the ground in one industry after another, cementing its role as the global...

A Dozen or so Companies Amazon Is Slaying This Year

Killing for the Company is like a series of mini stories rolled into one continuous fast moving plot that all comes together brilliantly at the end. It is Ryan at his best. No need to reveal any details, just trust that the ex SAS master story teller will enthrall on every page.

Killing for the Company by Chris Ryan - Goodreads

After a few months in Samarra, Charlie Company became known to some soldiers as the Kill Company. By midsummer, 2006, the infantry battalion had reported sixty-eight kills; roughly half of them ...

The Kill Company | The New Yorker

Creativity coach Lisa Bodell is the founder and CEO of Futurethink, an innovation consultancy. Over the years, she has developed a system for turning tired, risk-averse corporate cultures into inventive juggernauts in relatively short order. Bodell tells you to "kill your company" and do it now, before someone else does.

Kill the Company Free Summary by ????-?????

En español | The multipurpose cleaner Pine-Sol Original has been added to the U.S. Environmental Protection Agency's (EPA) growing list of products that have proven effective in killing the new coronavirus (SARS-CoV-2) on hard surfaces, based on results from laboratory testing. The cleaner, with the active ingredient glycolic acid, has been shown to kill the virus that causes COVID-19 after about 10 minutes of contact time on a surface.

Pine-Sol Added to EPA List of Cleaners That Kill COVID

It's safe to say that the Nike marketing strategy is really killing it with brand-driven storytelling, and while it would be fair to argue that it's easy for the company – that they're the biggest brand on this list by far – that doesn't mean we can't learn from the stories they tell and how they're presented.

KILL THE COMPANY: End the Status Quo, Start an Innovation Revolution. (Bibliomotion; hardcover; May 15, 2012), Bodell argues that in most cases, a company's number-one enemy is itself. Organizational structures have become dominated by complexity, and worse, complacency—two evils that cripple our abilities to realize our potential, smothering any hint of innovation from the outset.
