Kronos Bottle Filler Operation Manual

A similar phenomenon can be observed in the day-to-day operation of Kronos filling and packaging lines: At the front, the products to be filled are supplied, some meters and minutes later, the palletised packs are discharged – and what happens in between seems to be just happening on its own. We know:

“The good experience we gained with Kronos’ can filler resulted in our placing an order with Kronos again in 2012 for installing the new bottle filler and the bottle washer as well. This has now evolved into a model filling operation for other microbreweries, too, because we’re very satisfied with both fillers,” explains Cam Heaps, and continues: “Oxygen pick-up at the bottle filler ...
