I would have never thought to find a beautiful user experience in an enterprise application, but recently Frog Design helped ship an application called "Lawson Smart Client" powered by Windows Presentation Foundation (WPF) that I think changes the game for software user experiences both in and out of the enterprise. Obviously Robert Scoble wasn't staring at this when he asked "Why ...

Frog Design brings WPF sexy to the enterprise masses ...
Infor acquired over forty other software companies since its 2002 founding as Agilysis, for example acquiring GEAC ERP for US$1 billion, Lawson Software for US$2 billion, and GT Nexus for $675 million. Infor had around 58 million cloud users as of July 2016, as well as around 90,000 corporate customers overall.
