Ligeti had flung the door wide open to new worlds of sound and structure. Some idea of how revolutionary his work was may be gained from a glance at the study score: narrow and tall, it looks like a miniature skyscraper, with up to 87 staves piled on top of one another, each of them representing one instrumental part.

Ligeti was born in 1923, composed 'Atmospheres' in 1961, and died in 2006. Posting a link to a published work that is not in the public domain is equivalent to someone scanning, for example, Marc Sabatella's 'Mastering MuseScore' and offering it as a free download.

Ligeti—Atmosphères+MuseScore

Atmosphères is a piece for orchestra, composed by György Ligeti in 1961. It is noted for eschewing conventional melody and metre in favor of dense sound textures. After Apparitions, it was the second piece Ligeti wrote to exploit what he called a "micropolyphonic" texture. It gained further exposure after being used in Stanley Kubrick's film 2001: A Space Odyssey.

2001: A Space Odyssey is a soundtrack album to the film of the same name, released in 1968. The soundtrack is known for its use of many classical and orchestral pieces, and credited for giving many classical pieces resurgences in popularity, such as Johann Strauss II's 1866 Blue Danube Waltz, Richard Strauss' symphonic poem Also sprach Zarathustra, and György Ligeti's Atmosphères. The soundtrack has been re-issued multiple times, including a digitally remastered version in 1996.

So he created a remarkable series of scores whose exploration of sheer instrumental timbre was unprecedented in Western music. Atmospheres (from 1961) is perhaps the purest expression of Ligeti's new aesthetic, in which tone color is elevated to a role equal to or greater in importance than pitch and rhythm.
