IEC 60191-2 Mechanical standardization of semiconductor devices - Part 2: Dimensions Contains more than 220 standard sheets covering device outline drawings and the types of semiconductor devices generally mounted in the packages. The drawings represent the unification of national standards.

[IEC Standards in database format](#)

IEC standards have numbers in the range 60000-79999 and their titles take a form such as IEC 60417: Graphical symbols for use on equipment. Following the Dresden Agreement with CENELEC the numbers of older IEC standards were converted in 1997 by adding 60000, for example IEC 27 became IEC 60027. Standards of the 60000 series are also found

Read Book List Of Iec Standards For Projects In Electrical Power

preceded by EN to indicate that the IEC standard is also adopted by CENELEC as a European standard; for example IEC 60034 is also available as EN 60034.

~~List of International Organization for Standardization ...~~

This is an incomplete list of standards published by the International Electrotechnical Commission (IEC).. The numbers of older IEC standards were converted in 1997 by adding 60000; for example IEC 27 became IEC 60027. IEC standards may have multiple sub-part documents; only the main title for the standard is listed here.

~~List of IEC standards : definition of List of IEC ...~~

Eg; For 'IEC 60335-1 Safety of electrical household appliances' there are nearly 90 sub-standards which are listed in this articles itself. It can be transferred to separate 60335 page, a description and history. Fahidka (talk) —Preceding undated comment added 11:48, 11 February 2010 (UTC).

~~Talk:List of International Electrotechnical Commission ...~~

IEC International Standards reflect the global consensus and distilled wisdom of many thousand technical experts who are delegated by their countries to participate in the IEC. They provide instructions, guidelines, rules or definitions that are then used to design, manufacture, install, test & certify, maintain and repair electrical and electronic devices and systems.
