Lister D Stationary Engine Instruction Manual

The Lister D's had there own serial numbers, separate from all other petrol and paraffin engines. Starting at 80000 in 1926, this series of engine numbers continued until 1946 just before reaching engine number 200000, where it was changed to avoid clashing with engines in the H to R range. It again changed in 1952 to a new numbering and ID system, this was used till the end of Lister D production in 1964.
