Lister Petter has been supplying durable and hard working engines into different market sectors for decades. Over the years, we have carefully configured our engines for each individual sector. Our flexible and nimble team are able to respond quickly to different customer specifications, whilst keeping lead times short.

Lister Petter

These are available brand new (checkout utterpower.com), they are made in India. The weigh about 750 pounds, they are rated 6hp @ 650 rpm. The lister SC design was (I believe) the first ever "cold start" diesel engine, which would startup from compression alone, without the aid of a glowplug, hot bulb, or other heating system.

Listeroid Diesel | Otherpower

The Lister Petter range of Alpha engines give power from 6.8 kW through to 37.5 kW with speeds of 1500, 1800, 3000 and 3600rpm. The Alpha range of engines are water cooled through either a radiator or water cooled manifold. This robust and versatile engine offers many configurations to suit customer requirements.
