The new Longman Science Student Book and Workbook are designed to get your students "up to speed" for mainstream science classes. Longman Science prepares students in grades 6-12 for success in a standards-based science program with a broad overview of life, earth, and physical science. All activities are specifically geared to students in the early stages of English language acquisition, and ...

In Longman Scienceworld science is presented as an activity which uses and develops a range of scientific skills-skills such as observing, classifying, controlling variables. The course is also concerned to develop understanding of some scientific ideas and to do this through students exploring their own environment.
