...

Top-loading high-efficiency washers, like the Maytag Bravos, use much less water and that can result in lint not being washed away as easily as it is with a standard washer that uses a high-volume of water. It is helpful to run a cleaning cycle each month to flush away any lint residue in the washer.

Review the owner manual as certain things should not go in the washer. Use the "Bulky" cycle for large loads. If the washer dial is flashing, open the lid and redistribute the load as something is out of balance. Bravo washers require less detergent and water for efficient operation. Maytag Bravos are high-efficiency washers that use less water than typical for top-loading appliances. The ...
